Sir

I am Sunaina Sharma resident of Paschim Vihar need a help from Darshan Sanskar Foundation.

I have got total hear loss in my left year as I went to Bhagwan Mahanir Hospital for the check up and the report is attached for refrence.

They have suggested me a hearing machine as soon as possible so that my right year does not get affected. Then I went to Bhutani Hearing Aid Centre and He has given me an estimate of Rs 25,000/- to 28,500/-.(The document is attached). My husband lost his job during lockdown last year and we are not in the condition to buy it. But as the doctor has said that I need to put the hearing machine as soon as possible so that I can do the daily routine work properly and it does not hamper my right year. Please its a request to your NGO (Darshan Sanskar Foundation) to help me and purchase the machine for me or you may get it through someone. Please do the needful.

Thanks

maini (Sunaina Sharma)
